Anything You want to say about Rochester, Destiny Church, etc...?

Holy Spirit: As usual I have a lot to say, but let Me just say this for now ... there is a powerful move of by Me (Holy Spirit) that is coming, that on the surface will seem or look like a little wave, but it will have a massive effect in loosening hearts in this area for Me... So that people can see, become willing to see Me, and then be able to come close. Up to now this area (Rochester) has been a religious city, and there are many in her that know Me but are subdued and unseen, and not involved with organized activities. But these I will open up within their hearts a new desire (as opening up the atmosphere above them for a free flow of My life). Many will enter in to a new relationship with Me unknowingly (i.e. they will start praying in new ways, talking to me in new ways, without realizing the change has taken place) and will only later understand what has happened in their lives. It will be at this point (when they realize the new desire for Me) that they will come alive visibly (for all to see, but previously in their own lives only, and in the prayer in their churches, etc.) and will start telling of these new things to others. This testimony will spread and ignite a great awakening, because My voice, and the work of My testimony has great power. The work of the intercessors in this city, along with the worship that is breaking forth in new ways in certain areas, will be the fuel that produces these changes. So don't be discouraged if you do not see "great numbers, new activities, etc.". Though there will be things you can see, know that there is a great under working happening and increasing that you are not seeing, these will work in concert with the things you are seeing and experiencing. NET: Be encouraged that I am moving, and that you (Destiny Church) are having an effect beyond what you know and can see... Your intercessors are a great bunch. They are greatly appreciated by Me.

Not sure I heard exactly right.... Check this out

HS: Would you be willing to listen to what I want to do in Rochester? LH: Yes Lord> HS: The grass and the trees will clap their hands... the rivers will flow with pride... at what they see in her midst. I raised this city up from nothing years ago (~120yrs ago) from being on the prairie, for I always knew what I wanted for her... healing for the nations. I will have the eyes from all other nations turned to her. Not only Mayo. Healing is in the wind in Rochester, Minnesota. You will be able to smell it... It will be like when a man wants to see something, he stands up straight to get the best view... All eyes will be focused on Rochester like that. People will say "I wish I lived there..." This city on the prairie will be more than some "out of the way, hard to get to place".

10 0828 WRD Rochester passivity interceded now

HS: Les, last night regarding the worship in this city... this city is asleep! (Word last night at the worship concert: when I showed you how only this little group was worshipping me, and the city was empty of any one worshipping Me. This was a put down to Me.) Rochester, a rolling community doing its things, and death is raising it hands to grasp it and bring it down. (VISION: SAW HAND FROM BELOW starting to GRASP THE CITY with the finger starting to grasp in power, AND THE CITY NOT AWARE.) Who will stir them up? Send me, Lord, if You will empower me.

For years and years I have blessed this city because of the Sister of St Francis and the Methodists, and people that were "God fearing"... a clean town. But now this city has forgotten me... going to church as routine... doing business... going about "the good life." So subtle the change has happened, and now the effects of the passivity toward me are starting accelerate. It has become easy to "just go about things..."

Les, I am sending you... watch for the openings and My words, and what I will show you...

HS: And you my son will have a part to play in this, for I will inspire you to do surprising things... LH: All I ask is my cut for your glory... HS: Would you be willing to have it not look like much so I could develop it into something major that points toward me? LH: With your help to keep my emotions and thoughts in line, YES! I would just ask that it cut a major swath in the enemies kingdom... I would like "my cut" if you will, for You. I want to be able to give You back what was taken <sup>with your help</sup>.

15 1014 WORD Isaac Ishmael Together

For, behold, I, even I, am bringing Isaac and Ishmael together in this city. This reconciliation and association will bring great joy to the middle east and beyond. Those that see it will be astounded and they will marvel at My work.

Ge 25:7-9

7 These are all the years of Abraham's life that he lived, one hundred and seventy-five years. 8 Abraham breathed his last and died in a ripe old age, an old man and satisfied with life; and he was gathered to his people. 9 Then his sons Isaac and Ishmael buried him in the cave of Machpelah, in the field of Ephron the son of Zohar the Hittite, facing Mamre, - NASB

20 0107 Rochester river

The river that runs through Rochester, initially gave it life, and now the people are trying to give it life without Me. We got to restore the river. We have got to get people to look up again, to Me the River of Life!

So what should I do for You (with You), Lord?

I know that you are with Me, so I can share things with you, thanks! There are others as well as you know! Les, I am about to reestablish the River in Rochester. I have many that will look up initially to Me, and from that base I expand and grow My influence. Les watch and pray to see people looking up and then you and the intercessors with you should join with Me, and I will show you what My heart is and you will know how to work with Me. My move will start with My River and expand and grow through out the city... the city will glow with light!

14 0831 DREAM Plane over Rochester in trouble

I was standing with someone in I think SE Rochester. I looked up to see a large passenger plane flying very low in a circular pattern over Rochester. The way it was flying it looked to be in trouble. I watched as it flew from west to North then to east around us... looked like might crash in the city (maybe South side).

Then it circled around the second time and as it pass us almost over us I noticed that the vertical tail rudder was missing (there was an rudder outline but air inside the rudder outline -- No way to steer the plane right or left).

I also noticed that the front part of the plane just ahead of the wing but behind the pilot pit, seemed to be split apart slightly (separated by about a foot or so).

The plane looked like it needed a place to land badly and could not seem to get to the airport south of the city...

I (We?) immediately felt to my knees and started to intercede for the plane to protect the passengers and people in Rochester from a major crash.

Then the dream ended.

F1- Flying in circles

- Look like going to crash

F2- tail rudder Missing

F3- cabin separated from pilot section
