Introduction and Comments:

We (Terry Pratts and Myself) contribute these prophetic words for your discernment and joy. Some of these words may seem unlikely, as you read them, but we put them forth just as we have felt the Lord speak to us concerning this River90 that the Lord has ordained. The Lord is able to do impossible things!

We assert that there is an imminent Holy Spirit out-pouring coming shortly that will change the River90 valley forever (See the pictures on the front page of this document). We think this outpouring will change nearly every man and woman along River90 for the Lord. We expect that River90 people, changed by Holy Spirit, will produce the most pleasant places/locations/towns along her that will be a showcase for the nation.

So be it Lord, for Your glory!
