

Modes for Encountering God

Physical Mode Encounter(s)

→ Physical encounters are when we “encounter” God with our physical body, or our intellect and with our mind.

→ God works through us in our physical body/soul for His good, and our wonder. Physical encounters make us closer to God, and they are one of the main ways God attracts our attention to Him.

→ Physical encounters with God occur in many ways. Through Books/reading, coincidences, hearing preaching, physical experiences, God ordained events, verbal prayers, etc. Many times, we are not aware of physical encounters.

→ Many “Physical” mode experiences come with teaching of scripture, principles of scripture, etc.

→ Physical encounters happen to us when we are reading the bible and a verse(s) “standout” to us, etc.

→ See Column 1 in the diagram in inside this flyer.

Presence(s) Mode Encounter(s)

→ “Presence” is when God, through Holy Spirit, impacts the spirit and physical parts of us. When Holy Spirit

encounters us, we sense His presence and feel Him in our body at the same time.

→ Holy Spirit is amazing as we feel His presence.

→ Sometimes we only sense His “presence” in our spirit or our heart (without physical sensation).

→ Sometimes we see visions (of God, and spirit things, etc.), and have trances that are clearly Godly, but here is not an awareness of heavenly realm.

→ Most times in “Presence” mode we do not have face to face interactions with God, but the experiences with Holy Spirit are very amazing and transforming!

→ Many of the experiences in “PRESENCE” mode are listed in the middle column of the diagram on the inside on this flyer.

Spirit/Heavenly(s) Encounters(s) Mode

→ When we experience heavenly encounters, our spirit man fully experiences the heavenly (or spirit) realm in the same way that our

physical man experiences the physical realm.

→ In this heavenly realm, we come into relationship with God (Father, Jesus, Holy Spirit), angels, saints (see Heb chapter 11, 12). We also experience all the things of the heavenly realm just like our bodies do in the physical realm.

→ Heavenly encounters many times do not have physical awareness, just as the physical realm does not have Heavenly realm awareness.

→ It takes some time to learn to experience the heavenly realm. It is vast and new. It is where Jesus is (He is spirit). But the heavenly realm is as real to man’s spirit as the physical realm is to man’s body.

→ The Heavenly realm is shown in Column 3 on the chart in the back of this flyer.

→ Spirit realm encounters afford experiences one-on-one with Father, Jesus, and Holy Spirit... real time. This is different than in the Physical and Presence Realm encounters.

Note: There is ample scripture to support the premises of these concepts. I show these scriptures in other teachings.
